WHY CHOOSE THE ECO CUBE?

Potential uses include:

- Lunch Room
- Prayer Room
- Site Office
- Meeting Room
- Onsite Storage
- Multi-faith Room

The Eco Cube is a solar-powered, battery-backup, self powered site space, making it the perfect alternative to conventional site offices. Built with high-quality, insulated materials and energy-efficient systems, it offers a comfortable, self-contained workspace for your site. The Eco Cube comes in 3 modular options and is available for purchase or hire.

✔️ Sustainable & Cost-Efficient: Reduces carbon footprint and operational costs.

✔️ Expandable & Customisable: Modular design to meet different workspace & site needs.

✔️ 100% Scaleable Off-Grid Power: Solar panels with battery storage

✔️ Fully Functional Workspace: Equipped with kitchenette, air conditioning, and data points.

✔️ Smart Monitoring Remote energy tracking and control. Manage energy performance.

✔️ Fast Installation: Ready for use within minutes—simply position, activate, and go.
